#### Call to Order 2:05pm

Public Invitation to speak as per the Brown Act None

#### Foundation Organization Charts – Jim Hummer

Jim Hummer reviewed the Board and staff organization charts with the Executive committee. Dr. Kinnamon requested that the Board chart reflect the correct representation of the collaborative relationship of the Trustees with the Foundation. Kippy will include in next month's packet.

The staff chart includes the position that Jan Hawkins filled. Although this position is reflected on the chart Jim has not replaced her as a cost saving measure. Gigi Muth is taking care of some of the duties on a contract basis. Jim and Joel will be discussing this issue in the summer.

#### <u>Committee Chair Role and Responsibilities - Jim Hummer and Mark Nickerson</u>

Jim reviewed all seven committees. The Academic Angels, Finance and Investment and McCallum Theater Event committees have already scheduled their meetings.

Mark Nickerson recommends that the committee chair should take a more active role in the organization of their meetings and the formulation of their agendas. All meetings should take place at least a week before the monthly meeting in order to be able to get all the minutes in the packet.

The Resource Development committee is the one of the committees that has been relatively dormant in the past. Mark is very encouraged as to the engagement of the board members. Some members have a difficult time attending meetings because of previous commitments such as Dan Martinez.

It was suggested by Bill Chunowitz that the first engagement should be to involve people on a committee. Once they are engaged and committed they would be invited to join the board.

Vern Kozlen asked whether or not non board members count towards quorum on committees.

After discussion Mark would like the Nominating Committee to come up with suggestions to bring to the Executive committee to look at the possibility of having different levels and term limits of membership in hopes of better engagement.

#### 201-2017 Goals – Jim Hummer

Jim reviewed the goals for the upcoming fiscal year. Specific projects that the College is looking at such as the renovation of the Fountain and the idea of a venue area, the cost for renovation will probably be seven figures. Also discussed was the building of a donor recognition area. Many great ideas were brought up the possibility of incorporating all the archival information, photos and history that the College and the Foundation has to make the donor recognition area very special.

Adjournment 2:45 p.m.

Minutes taken by Kippy Laflame, Executive Assistant.

#### <u>College of the Desert President Report – Dr. Kinnamon</u>

Dr. Kinnamon reported on commencement largest graduating class. The Environmental report for the PS Campus has been approved. The College has made 2 offers to the owner of the property. We are hopeful to get a counter offer on the property but we have other options if that does not happen. Additional news: we are putting an observatory on the Mecca thermal campus using the research telescope that is being donated. This fall we will open a location in Desert Hot Springs with a min. of 3 class rooms offering CTE, ESL and Transfer courses. Dr. Kinnamon will be recommending to the Trustees at the June meeting to put an additional facilities bond between \$400 and \$600 Million or \$19 per \$100K of valuation on the ballot for November 2016. Campaigning starts with this presentation today. Kay Hazen will be instrumental in the marketing and publicity. The existing bond has funds for the first phase of the West Valley campus but there will be an additional 5 phases that will including, film, hospitality management and digital design. These will help us partner with local businesses. We have many programs for students that students have to stop their education or they have to leave the valley to get their baccalaureate or doctoral degrees. We are pursuing at partnerships with universities that have those upper division courses to form a University Center whether it be agriculture, hospitality, water management etc. at each of our sites so our students can continue going to COD receive their 4 year degree. There are a couple of community colleges in the state that are doing something similar. This will probably be happening in the fall of next year.

#### New board member Jim Greene introduced himself to the board

Jim's background was a portfolio manager and is now retired. He is a member of Morningside CC. He has much experience in the philanthropy arena. He is the Treasurer of his family's foundation the Greene Foundation.

#### Foundation Organization – Jim Hummer

Jim Hummer reviewed the Board and staff organization charts with the Board. Each standing and ad-hoc committee was outlined and explained. Jim asked everyone to make sure that they are on the correct committees.

#### 201-2017 Goals – Jim Hummer

Jim reviewed a draft of the goals for the upcoming fiscal year. The Finance committee is looking at sustainability of the Foundation: board reserve of \$500K and an unrestricted balance reserve of \$500K. This report is a draft overview of what the goals are for membership, and events. It will be an aggressive year with the bond issue

Mark brought up how that we need to have a stakeholder position in the Foundation. So the committee chairs will be taking their agendas and the scheduling of meetings. At board meetings we want to hear from the chairs what they are doing and being. The committees are the most important part of the foundation. Committees will give us direction and together we will do great things.

#### Academic Angels – Eileen Hall

All dates and locations for the Academic Angel events of the 16-17 season are scheduled except for the Spring Luncheon. All honorees for the Citizens of Distinction event have been with the last one having been secured by Peter Sturgeon Sub committees are all hard at work to get everything organized for the year, events and membership drive. Mark Nickerson thanked the Angels for the great job they are doing

#### Finance Committee Review - Vern Kozlen

Vern reviewed the April 2016 financials and presentation. A new format summarizing and streamlining information presented to the Board is being worked on should be available next month. The committee will be working on reviewing where the funds that we raise go to such as scholarships and programs. We will be sending out a RFP for new investment managers as we must do every five years sometime in the Fall.

It was M/S/C Vern Kozlen/Sally Simonds to approve the April 2016 Financials.

It was M/S/C Bill Chunowitz/Vern Kozlen to approve the May 20, 2016 Finance Meeting Minutes as presented

#### Stepping Out Committee - Jim Hummer

Diane's committee met for their initial meeting on May 10, 2016 with a follow up meeting which is already scheduled for June 15, 2016.

#### Approval of meeting minutes as distributed

It was M/S/C Bill Chunowitz/Jane Saltonstall to approve the April 27, 2016 Board Meeting Minutes as presented.

#### <u>College of the Desert President Report – Dr. Kinnamon</u>

Dr. Kinnamon spoke of the strength of the relationship with the K-12 partners. This will enable us to increase the number of students that are college going students. We have 8 full-time counsellors now. We are targeting East Valley campus to be 1000FTES which would give us more state money. Continue to hire fulltime staff approx. 20 all deans and VP position have been filled first time in the four years that Dr. Kinnamon has been President. Completed and adopted our strategic plan which will position us for the next few years. It will be available online. Dr. Kinnamon read a letter from Natalie an Idyllwild Elementary 4<sup>th</sup> grader and future prospective COD student.

#### Academic Senate report- Dr. Hall (Absent)

#### <u>Trustee report – Dr. Stefan</u>

Thanked the Foundation for all the fundraising and hard work they completed this year. This year we had more students that participated in the transfer ceremony. It is our goal to increase this number every year. We are very proud of these numbers as most community colleges numbers are decreasing.

#### <u>Development report - Peter Sturgeon</u>

Over 325 people toured the campus this year. 29 PC members and a number of AA members, thousands of dollars in scholarships primarily veterans. Calendar is already filling up for 2017. Last week Linda Rider, Roberta Duke and Marge Barry all Academic Angels underwrote a great event starting at Mitch's with food and drink and finishing up with Jazz at the Pollock; approx.. 45 people attended. It is scholarship time, students are applying of next fall it is not too late to set up a scholarship in the name of a loved one.

#### Foundation President – Mark Nickerson

Mark announced that Larry Spicer resigned from the board. He had lunch with Larry he wanted to extend to you all his gratitude and he will be anxious s to come back. Mark asked Joel how the needs of the college are filtered through to the Foundation. Joel explained the college wide PRU process. The gap in funding is normally what is communicated to the Foundation to help raise funds to meet the needs. We, as a college, must explore ways of including other people in this process. An example of that would be the donor recognition. Mark asked Joel if there is any available unrestricted monies to sustain the Foundation leaving it to raising funds for programs and scholarships.

#### Executive Director – Jim Hummer

Jim spoke of the \$50K check received in the mail this morning, an estate gift. Peter Sturgeon's estate planner suggested COD to his client. The relationship between estate planners and the foundation is key in the receipt of such gifts.

Kay Hazen is also working on a case statement piece and an outreach video to help with development.

Jim encouraged everyone to attend the Nursing graduation at the McCallum at 2pm this Friday. Jim announced that a generous donor is making a \$150K pledge over the next 3 years for nursing.

Jim is looking for ideas and contacts to send the message out to get the fundraising for the playground renovation for Early Childhood Center and the Job Center on its way. The job center has a career counselor, job placement, work experience also we have students doing work in the field of their studies and getting credit while they are doing so. After discussing Dr. Kinnamon suggested an advisory team together as there were many good ideas from the Board.

Jim asked Dr. Kinnamon to give us an update on KCOD.

As was mentioned last month, Rozene and Ric Supple donated an AM station located in Palm Springs-- about half a block from the West campus site. When the transaction is done, in August, we will be broadcasting from there. This will give us a window with FCC to be able to qualify for an FM station. We will pursue the acquisition of an FM station which will give us a presence and voice all throughout the Coachella Valley.

Adjournment 4:50 p.m.

Minutes taken by Kippy Laflame, Executive Assistant.

#### Monthly Financials – Kirstien Renna

Kirstien reviewed the May 2016 financials.

The new internal summary report was reviewed and discussed. This report will be a much simpler for board members. It will be presented to the board at next week's meeting along with the income statement with more detailed reports should any board member be interested in reviewing.

#### <u>Investment Managers – Vern Kozlen</u>

At the last meeting the Merrill Lynch relationship was discussed. Merrill has an advisory relationship as opposed to Wells Fargo's full discretionary one. Anytime they want to make a major investment change they have to meet with Jim and Vern to approve individual changes.

Jim and Vern met with ML this afternoon to discuss changing the relationship. Several years ago ML purchased US Trust Company and they now have it under the ML umbrella; they have full discretion investment accounts and relationships. We could switch agreements from ML Broker to ML Trust who in turn uses ML brokerage to actually implement their activity. This does two things: it gives them full discretion and ML as an organization assumes a fiduciary responsibility which they do not have today.

We are asking the committee to enter in a revised agreement with Merrill Lynch Trust Company a wholly owned sub of ML to act as investment manager of our fund. They will in turn assume full fiduciary responsibility and full investment authority so that they can make investment changes. This will raise their accountability and they will have to meet a higher standard. There are no fee increases associated with this change.

It was M/S/C Brian Holcombe/Dan Martinez to recommend to the Board that we revise our investment agreement with ML though the Trust company granting them full discretion

#### <u>Investment Income Pools Review – Vern Kozlen</u>

We have two investment pools of funds, one is for permanently restricted funds which are endowment monies. The money is invested and only the income is used for scholarships or program needs. The other is for temporarily restricted and unrestricted monies, that is money that comes in which we pay out today up to a few years.

Presently those two investment pools are shared by ML and WF, each have approximately half of each of these pools. The investment strategy or asset allocation policy is close to the same. The reality is that the permanently restricted money should have a long term investment horizon, it will have growth objectives with some income.

From an asset allocation standpoint equities could be as high 60% in equities and 40% bonds. For the temporarily restricted money today has a similar investment strategy it has a significant equity exposure 50% which gives us this problem when we have a capital loss it comes away from the money. If someone gives us \$100K for scholarship this year and we invest it and the market goes down 10% now instead of 100K we have 90K. We have been taking investment risk with that pool. There is no short term reason to do so.

We are proposing, as we do are RFP for new investment managers that we separate these two pools. The temporarily restricted or unrestricted pool should probably have little or any market risk. They should be in bond proceed account things like: CD treasuries, short term bonds with a max maturity of 30 days to 3 years. We would only take 20-25 % that would go out in a year. We also have found that we may have some funds in both accounts or in the wrong account. Kippy is going through this project in the next month or so.

We will be adding the following question of what their expertise is in managing short term liquid portfolios. The reality is that much of our funds could be in that pool. We may suggest hiring one manager that is the short term manager and another in long term.

Jim's request of creating 2 reserve accounts of \$500K. What we could do going forward will come in as cash and first go to the reserves and when they build up to \$650K the balance will be moved to the temporarily restricted pool.

Each quarter we will have the investment manager's report; the second month of the quarter will be focused on scholarships and the 3<sup>rd</sup> will be programs. Board members want to know where and what programs are the funds being used for. It is hoped that this kind of information will help Board members raise the awareness of the College and ultimately raise funds.

Understanding where costs of fundraising are should be focused on, we spend too much money on raising money; part of that is an allocation issue. It is our contention that a lot of our staff spend their time on marketing and administration and operations of the Foundation but working for the benefit College. They should absorb some costs for that. That does not change anything between our total finances and the College but it will make us more efficient and report better as we go forward.

Mark Nickerson requested that we get information on how our Foundation compares to other Community College Foundations. Jim responded that this will be a topic of conversation at the Executive Cabinet Day away next week. There is a range of diff ways that CC f are funded most are self-funded as we are, some are sub by the college between 25-50% of salaries and some are implementing a sustainability fee like SBCC assess a 10% fee on all Temporarily Restricted funds coming through the door, and Lisa has talked about an indirect management fee that is reimbursed from the college for funds that are transferred to the college. Once the 3 scenarios are discussed Jim will apprise the Board of

#### **Check and contract signing**

At the last meeting it was discussed that Jim be given the authority to sign checks up to a certain amount

It was M/S/C Kate Spates/Brian Holcombe to recommend to the Board that Executive Director be given the authority to be the only person to sign checks up to \$1,000 without a second signature.

Vern thanked both Kiki and Virginia for all their hard work in the transition work for the new reports

#### Stepping Out for COD Event Committee Meeting Minutes Wednesday, June 15, 2016 – 3:00p.m. Foundation Conference Room

#### **MINUTES**

#### Present

Norma Castaneda, Diane Denkler, Marge Dodge, Diane Gershowitz, Bill Chunowitz, Tamara Bolton, Terri Ketover

Absent (None)

Guest

Jim Hummer, Kippy Laflame, Tim O'Bayley, Bob Bogart

Call to Order 3:00pm

Public Invitation to speak as per the Brown Act: None

#### Recap of past Stepping Out COD events – Tim O'Bayley

Tim updated the committee as to O'Bayley Communications role in the Stepping Out event over the past 5 years. They do all the graphic design of collateral, public relations, and advertising efforts, pre and post event. Tim has coordinated the before and after receptions, , enhancing the venue so that the event does not look like just another event at the McCallum.

#### Event Targets – Diane Gershowitz

The information in the packet was reviewed by the committee. Every member received the list of previous 5 years' worth of sponsors as well as an open list for committee members to use to list prospects. Jim reviewed what the actual sales were at each level. Marge Dodge inquired about those sponsors that have not come back to sponsor. Where the money goes has much to do with contributions. The operating budget has a net revenue target for the event of \$250K for operations. Each member will come up with a list of people to add to the solicitation pool. Diane reminded everyone that the best way to engage prospects is through a campus tour.

#### Sponsorship levels and benefits

The collateral piece should be at the printer in August and should be ready in September. Tim and Jim will get together to organize the timeline. Discussion of the benefits of sponsorships as this is a key point in being able to move forward on the designing of the collateral. Changes suggested: on the Emeritus level remove from the VIP tour *and meeting with the President of the College at lunch*. Addition of Master Class to all levels. Remove recognition of web on the Roadrunner level. Addition of a 'swag bag" for all levels could include performers CD and COD merchandise. Tim will be sending drafts for everyone to comment on. The majority of the first solicitations in the first part of November.

Next meeting is scheduled for October 17, 2016 at 3:00pm Meeting Minutes taken by Kippy Laflame, Executive Assistant

Public Invitation to speak as per the Brown Act None

#### Foundation Organization Charts – Jim Hummer

Jim Hummer reviewed the Board and staff organization charts with the Executive committee. Dr. Kinnamon requested that the Board chart reflect the correct representation of the collaborative relationship of the Trustees with the Foundation. Kippy will include in next month's packet.

The staff chart includes the position that Jan Hawkins filled. Although this position is reflected on the chart Jim has not replaced her as a cost saving measure. Gigi Muth is taking care of some of the duties on a contract basis. Jim and Joel will be discussing this issue in the summer.

<u>Committee Chair Role and Responsibilities - Jim Hummer and Mark Nickerson</u> Jim reviewed all seven committees. The Academic Angels, Finance and Investment and McCallum Theater Event committees have already scheduled their meetings.

Mark Nickerson recommends that the committee chair should take a more active role in the organization of their meetings and the formulation of their agendas. All meetings should take place at least a week before the monthly meeting in order to be able to get all the minutes in the packet.

The Resource Development committee is the one of the committees that has been relatively dormant in the past. Mark is very encouraged as to the engagement of the board members. Some members have a difficult time attending meetings because of previous commitments such as Dan Martinez.

It was suggested by Bill Chunowitz that the first engagement should be to involve people on a committee. Once they are engaged and committed they would be invited to join the board.

Vern Kozlen asked whether or not non board members count towards quorum on committees.

After discussion Mark would like the Nominating Committee to come up with suggestions to bring to the Executive committee to look at the possibility of having different levels and term limits of membership in hopes of better engagement.

#### 201-2017 Goals – Jim Hummer

Jim reviewed the goals for the upcoming fiscal year. Specific projects that the College is looking at such as the renovation of the Fountain and the idea of a venue area, the cost for renovation will probably be seven figures. Also discussed was the building of a donor recognition area. Many great ideas were brought up the possibility of incorporating all the archival information, photos and history that the College and the Foundation has to make the donor recognition area very special.

Adjournment 2:45 p.m.

Minutes taken by Kippy Laflame, Executive Assistant.

#### Foundation goals for next year 16-17
